

# UP-7000

## *It's Time to Evolve Beyond Your Competition*

The UP-7000 is the true all-in-one POS unit in the industry that has a built-in thermal printer and other optional add-ons that are extremely simple to install.

Entering the New Era of POS

# UP-7000

## ELEGANCE AND INTEGRATION IN ONE DEVICE

**Integrated Printer**  
 • 3 1/8" Thermal Printer  
 • 200 mm/sec

The UP-7000 is more convenient, takes up less space and saves you money by putting the highest quality printer right into the design. Being first to market with this unique design we are certain that you will agree that it was time for someone to accommodate your business.
